Club Fees

Our school runs in four week blocks. Cost for each block is £56 and is payable at the start of the month by BACS or cash.

Fins and Tails

We provide all monofins and mermaid tails (skins) for use at the school, so no equipment needs to be purchased in order to take part. Once students achieve their Stage 2 beginner badge, they may opt to buy their own kit.

Please do not feel you need to purchase your own kit for beginners. For insurance reasons, we are not able to allow beginners to use their own kit during our lessons.

We can provide help and advice on the many beautiful and safe options that are available from reputable industry suppliers when your mermaid is ready.

All about your Mermaid:

What is your mermaid's favourite aquatic creature?

What are three of your mermaid's favourite interests?

Does your mermaid have a favourite colour/s?

Is or was your mermaid enrolled in a weekly swimming school before? If so, what Stage have they achieved and at which swim school?

Are there any known health or medical considerations that we need to be aware of in order to support your mermaid's swimming?

Does your mermaid have any additional needs or require specific adjustments in order to take part in our activities?
