Class Preference

We run Mermaid Swimming classes for children, teens and adults. Please tell us what activity you are interested in:

Children's classes (8+ to 12 years old)

☐

Teens' classes (13 - 17 years old)

☐

Adults' classes (18 - 99 and beyond!)

☐

Parent & child sessions (1 adult, 1 child)

☐

Family sessions (any combination of fam)

☐

Mermaid Club Summer Social and Club Swim Days

We are holding two big events over the summer for all mermaids in our school and their families, to celebrate those mermaids who have achieved their skills levels badges. There will be games, cake, music, photography, face painting and Club hoodies and Mer-wear for sale! Can you tell us if you are available to attend these dates.

Saturday June 28

12 - 2pm

Yes

☐

No

☐

Saturday July 26

12 -2pm

Yes

☐

No

☐

Club Fees

Our school runs in **four week blocks** and is payable at the start of the month by BACS or cash.

Costs for each block are set by class type:

Children: £56 **Teens:** £62 **Adults:** £68

Parent - child: £80

Family rates and private sessions rates are available on request.

Fins and Tails

We provide all monofins and mermaid tails (skins) for use at the school, so no equipment needs to be purchased in order to take part. Once students achieve their Stage 2 beginner badge, they may opt to buy their own kit (and this is often a real milestone that we celebrate at the school!).

Please do not feel you need to purchase your own kit when you first are starting to learn. For insurance reasons, we are not able to allow beginners to use their own kit during our lessons.

We can provide help and advice on the many beautiful and safe options that are available from reputable industry suppliers when you or your mer-family are ready.

All about you and your mer-folk:

What is your favourite aquatic creature?

What are three of your interests or hobbies?

Do you or your mer-fam have any favourite colour/s?

How would you describe your experience level with swimming? Is there anything you find particularly challenging? (open water, certain strokes, breathing, sea creatures, etc?)

Are there any known health or medical considerations that we need to be aware of in order to support your swimming?

Do you have any additional needs or require specific adjustments in order to take part in our activities?

Can you briefly describe a time when you went swimming and it was very memorable? Where were you, and who were you with? What was it like, what happened and how did it make you feel?

Session time Preferences

Weekly session timings:

Thinking about your own needs and/or any other swimmers in your family, please tell us all of the days/times you are available for mermaid lessons each week. Place a 1 next to your first choice, and an X next to any others you are available. Leave times you are not available blank.

Fridays

4:30pm

5pm

5:30pm

6pm

Mondays

4:30pm

5pm

5:30pm

6pm

Are there other times/days you prefer, or anything else you want to ask us about? (private sessions, parties, Swim with A Mermaid Experiences etc)
